Welcoming of our German partner - Heirinch Kleyer School:

On February 10, we welcomed to Lyon the German students and teachers of the HKS as part of our partnership with the 1STI2D class.

They stayed with us till February 14. During this week, the students carried out several joint activities. One of them was interviewing in English the teachers and the staff of the establishment on the issue of sustainable development. Additionally, students were also able to relax and spend some time together by playing sports.

Our partners also had the pleasure of visiting the Fourvière, going to the Pérouges site, as well as tasting the delicious Lyonnais cuisine.

English teaching assistants:

We also had the pleasure of welcoming to our team Matea and Rebecca, our new English teaching assistants. Matea Mlakic joined us on 01/10/19. She is a Master 2 student of Linguistics at the University of Zadar, Croatia. On 06/01/2020 Rebecca Voye completed our team. Rebecca is a 3rd year languages student at the University of Limerick, Ireland.

Matea and Rebecca provide our pupils and students with an opportunity to experience a differentiated learning of English that is mainly oriented towards the improvement of their oral production competences.

This approach also allows students to get a better grasp of the intercultural nuances, but also it offers them a support in learning no matter their level.
